MIKE SCHWARTZ JOINS HUNTER PARTNERS

Michael J. Schwartz has joined Hunter Partners, LLC, as a managing director. For Hunter Partners, Mr. Schwartz will focus on performance improvement, operational turnarounds and provide interim CEO services at both the hospital and the system level.

Prior to joining Hunter Partners, Mr. Schwartz was interim Chief Executive Officer of Bayshore Community Hospital in Holmdel, NJ. Engaged by Meridian Health, one of the nation's top 100 health systems, he led the integration of Bayshore into the Meridian family.

Mr. Schwartz brings to Hunter Partners over 30 years consistently successful experience in all aspects of the evolving health care delivery system. Previously he served for ten years as President and CEO for Prince William Health System in Manassas, VA.

Hunter Partners is an interim management and consulting firm, founded by David Hunter, together with several other senior healthcare executives. The company was formed to respond to the increasing frustration of CEOs who are not getting the results they need quickly enough to respond to health reform and other industry challenges.

"Mike provides a demonstrated ability to achieve and maintain fiscal integrity, operational efficiency, and superior employee, physician and patient satisfaction. We are pleased to have him join our firm." Hunter said in making the announcement.
